Day 1-4:

African Bush Camps Khwai Leadwood, Khwai Community Area

Day Itinerary

Upon arrival at Maun Airport you will be met by a representative from Safari Specialists and Mack Air to assist with check-in for your light aircraft transfer to the Khwai Community area where you will spend three nights at Khwai Leadwood Camp on a Fully Inclusive basis (activities shared with other guests).

Please note that the flight is booked on a 'seat rate' basis and therefore flight times are not scheduled until the day prior to flying, lodge managers will arrange your activities and transfers accordingly. Please note that there is a strict luggage restriction on all light aircraft flights of 15kg per person in soft bags, plus 5kg hand luggage and there may be up to 3 stops en-route.

Looking at a map of Botswana, you'd miss Khwai completely if you didn't know it was there. Wedged between the big-ticket attractions of Chobe National Park to the east and Moremi Game Reserve to the south, Khwai exists as a significant big game destination of its own.

Lying on the eastern fringes of the Okavango Delta with a rich wildlife population and no borders drawn around it on the map, Khwai is often overlooked in favour of its more famous neighbours, though in the winter months it can hold its own for the quality of big game viewing.

During your time here, you'll spend most days exploring the narrow Khwai River, which forms the natural boundary to the Moremi Game Reserve on the south. The Khwai River is a beacon for wildlife and plays host to leopards stalking lechwe in the long grass, lions swimming from the banks to save their cubs' during territorial disputes and crocodiles competing with wild dogs for a midday meal of impala.

As Khwai lies outside the parks, it offers the freedom and flexibility normally only possible with the heavier price tag of a private concession. Go off-road for a closer look at sightings, night drive in search of nocturnal species, and, with a little advance planning, head out on game walks to track wildlife on foot.

Khwai is also home to a village community where people live side by side with the resident wildlife. Some camps will offer village visits for a dose of cultural insight to go with your safari. For those not visiting the water camps of the delta, many camps in Khwai offer the chance to get out on a mokoro (traditional canoe), although excursions are less traditional in nature, skirting the riverbanks, rather than open delta floodplains.

Overnight: African Bush Camps Khwai Leadwood [View brochure](#)

Includes: meals, drinks, activities, park fees, laundry and intermittent Wi-Fi

Excludes: premium imported wines, champagnes & spirits

Activities: day & night game drives, walking safaris and mokoro (subject to water levels)

Located within the Okavango Delta's community – run Khwai concession, Khwai Leadwood is tucked away under the trees on the edge of the Khwai River. The banks of the lagoon flowing into the Khwai river act as a boundary between the Moremi Game Reserve and the community area offering guests several unique ways to experience the area and its extraordinary wildlife.

Khwai Leadwood comprises of six standard tents and one family tent. All tents are en-suite with indoor/outdoor showers, as well as private decks with day beds. The tents are decorated with woven baskets and beaded décor, along with modern elements to create an authentic contemporary African style.

Keeping in line with the intimate and exclusive wilderness experience, the camp's main area boasts a pool, reading area, dining and lounging areas.

During their stay, guests can enjoy game drives, walking safaris and mokoro safaris (water levels permitting) in search of big attractions including lion, cheetah, wild dog, elephant and hippos. The night drives allow guests to get up-close and personal with some of Africa's elusive animals.

Airstrip Transfer Time: 30 minutes from Khwai Airstrip

Day 4-7:

African Bush Camps Thorntree River Lodge, Victoria Falls (Zambia)

Day Itinerary

Following breakfast and a possible morning activity (flight time permitting) you have a light aircraft transfer to Kasane Airport. On arrival at Kasane Airport you will be met by a representative from Wild Horizons who will assist with your cross border road transfer to Livingstone, Zambia where you will spend three nights at Thorntree River Lodge on a fully inclusive basis (activities shared with other guests).

VICTORIA FALLS (ZAMBIA)

At Victoria Falls, the earth splits open and swallows one of Africa's greatest rivers, the mighty Zambezi, creating the largest sheet of falling water on earth. As the water hits the narrow depths of the Batoka Gorge beneath, it blasts a cloud of mist skywards, lending the falls their local name 'mosi-oa-tunya' (the smoke that thunders). When the Zambezi is at its fullest, the mist hangs a permanent raincloud above the falls, showering visitors on even the sunniest of days and visible for miles around.

Above the falls on the upper Zambezi, boats cruise the tranquil water at sunset while the distant spray catches the fading light downstream. Below the falls, the Batoka Gorge's rocky walls funnel the lower Zambezi into a chain of world-class rapids, prime for white water rafting.

Aside from being a UNESCO world heritage site and a natural world wonder, Victoria Falls also forms a natural border between Zimbabwe and Zambia. The falls can be seen from both countries, and for the most part the same activities are offered on both sides, from helicopter scenic flights to village visits and souvenir shopping.

Whether your idea of getting away from it all is a relaxed high tea in colonial grandeur or a heart-stopping bungee jump off a bridge, Victoria Falls keeps both the faint of heart and the most insatiable of adrenalin junkies busy for days.

From Zambia, a side on view of the falls is on offer with views into the Batoka Gorge, as well as the possibility of perching yourself at the edge of the falls on the vertigo-inducing Livingstone Island.

From Zimbabwe, you'll get a full-frontal view of three quarters of the falls' 1.7km wide curtain of water from viewpoints and footpaths meandering through a rainforest kept hot and humid by the spray of the falls.

Day 7-10:

African Bush Camps Somalisa Camp, Hwange National Park

Day Itinerary

Following breakfast and a morning at leisure you have a cross-border road transfer into Zimbabwe and Victoria Falls Airport where you will be assisted by a porter with check in for your light aircraft transfer to Hwange National Park.

The following three nights you spend at Somalisa Camp on a fully inclusive basis (activities shared with other guests).

If you have dreamt of an Africa with expansive plains and wide horizons, where elephant and buffalo traipse in huge numbers towards waterholes and giraffe browse from flat topped acacias while a blazing sun sets behind them... you can find it in Hwange.

As Zimbabwe's largest national park, Hwange has a sizeable reputation that it wholeheartedly deserves.

The sight of hundreds, if not thousands of elephants and buffalos streaming towards you as you sit at a waterhole is indescribable. There is nothing like the sound of elephants' peaceful rumbling or the deep thundering of buffalo hooves on hard ground when they spook, wary of lions that may lie in wait.

This sight and sound of a waterhole in the midst of pristine wilderness visited by huge numbers of animals is typical of Hwange. Beyond the sights and sounds, the feeling of Hwange is what will remain with you: awe and peace from spending time in a true, preserved wilderness.

Hwange's diverse habitats mean that it offers large numbers of desert adapted, plains and woodland animals. The famed elephant population is one of the largest in the world and it has plentiful predator populations such as lion, leopard and cheetah. Hwange also boasts one of Africa's last strongholds of endangered African wild dogs.

Hwange offers the opportunity to see a variety of rare antelope such as eland, sable, roan and if you are lucky the desert-adapted oryx (gemsbok).

Apart from the variety of species and its beautiful setting, Hwange is unique in its ease of access. The park begins a mere hour from Victoria Falls and there is a range of accommodation across every price point. The North typically offers a mix of private lodging and National Park chalets, as well as a well-maintained road network. Hwange's more southern concessions are generally private, offering luxury lodges and camps.

Overnight: African Bush Camps Somalisa Camp [View brochure](#)

Includes: meals, local drinks, activities, park fees and laundry

Excludes: premium drinks

Activities: day & night game drives, walking, bird watching and game viewing from hides

Somalisa Camp is set in the heart of the Hwange National Park which known as the land of the giants for its big elephant herds. Somalisa is an authentic bush camp, a blend of old African charm and elegance, and offers an exclusive safari experience. Its stunning location tucked away on an acacia island along the edge of an ancient seasonal flood plain gives it breathtaking views of the savannah plains of the Kennedy Vlei line.

Six elegantly furnished canvas tents with en-suite bathrooms; flush toilet and romantic alfresco bush showers make up this camp. The décor echoes an era of old from colonial times to the ancient tribes of Africa telling the story from all corners of this magnificent continent. The main area and pool overlook the pan where large numbers of game congregate thus offering rare moments of outstanding nature. The lounge and dining area is at the forefront of the camp, tucked under a soaring canopy of trees.

Activities consist of guided walks, game drives and spot lighting as well as game viewing from hides. Wildlife includes elephant, kudu, sable antelope, zebra, wildebeest, gemsbok, the rare and endangered roan antelope, buffalo, giraffe, white rhino, lion, leopard and hyena amongst others. During the rainy season, the Kennedy Vlei is littered with flamboyant colours from the seasonal wild flowers that emerge as the first rains begin and, as the grass dries out, large herds of buffalo, zebra and elephant are in abundance.

Transfer Time: 1 hour 30 mins from Hwange Main Camp

Day 10:

Day Itinerary

Following breakfast and a possible morning activity (time permitting) you have a light aircraft transfer flight to Victoria Falls Airport for own onwards flight arrangements.

Passports, Visas and Travel Documentation

Your passport must have at least 6 months validity before the expiry date and 6 empty pages (not including the endorsement pages). The onus is upon guests to ensure that passports and visas are valid for the countries visited. Please note that certain visas can take up to 3 months to be processed so please consider this when booking.

If you are travelling with children through Southern Africa please be aware that you will be required to have certified copies of their unabridged birth certificates, and passports on hand. If you are not their legal parents, or if only one of you is travelling – you will need to have consent in the form of an affidavit giving you permission to travel with the child.

Inter-camp transfers

Due to the vast distances involved in travelling in the remote areas of Southern Africa - your itinerary may include road, boat and air transfers in small aircraft.

On shared air transfers, all the flight times between lodges are arranged a few days before the flights take place to avoid endless schedule changes. The lodge or camp where you are staying will be advised of your departure time the day before travel and will ensure that you are at the airstrip on time. Although every effort will be made to ensure that guests are transferred together in one vehicle / aircraft, this cannot be guaranteed, especially with larger groups. The aircraft used for inter-camp transfers vary in size from 3, 5, 7 and 12 seater aircraft. We recommend that guests susceptible to motion sickness take appropriate precautions due to flying conditions.

Weight & Luggage Restrictions

There are strict luggage restrictions in place on any itinerary, which includes light aircraft transfers for safety reasons. Luggage, including camera equipment and hand luggage, is restricted to 20 kg per person travelling on seat rates. Only soft bags will be accepted - no hard suitcases or bags with wheels can be transported, as they physically cannot fit into the aircraft.

The maximum dimensions of the soft bags that can be accommodated are as follows: 25cm/10 inches wide x 30cm/11 inches high and 62cm/24 inches long. Please keep in mind that the baggage compartments on the light aircraft are only 25cm high, so the pilots must have the ability to manipulate the bag into the compartment. Note that laundry can be done on a daily basis at most camps and lodges.

Should you arrive with excess baggage without prior warning, your baggage could be delayed, as we may have to fly the baggage into camp at a later stage at considerable extra cost to you. However, should you notify us in advance that your baggage will exceed the limit; we may be able to assist you with alternative arrangements e.g. storage or purchase of additional luggage allowance.

For bookings including flights within Zambia & Mozambique, please note luggage weight exceptions under destination information.

Lost Luggage

Lost luggage on international flights is a common problem facing travellers today. We suggest that you pack a small bag with your essentials, including any life sustaining medication, which can be carried with you as hand luggage. If travelling as a couple or family we suggest that you split your clothing between bags so that if one bag gets lost, you will have basic items on hand to see you through the first couple of days while we try and recover your lost baggage.

Please note that whilst we try our utmost to locate and re-unite you with your bags, that there may be charges involved in getting your bags to remote areas, which would be for your cost. Please remember to report the lost luggage to the airline as soon as you make the discovery - the airline will issue you with a Baggage Claim Form, which you will need in order for us to trace the bag.

Health and Dietary

Please note that you are travelling to a Malaria-risk area. Please consult your doctor for medical advice prior to travel.

Although usually safe to drink, we do not recommend that you drink the tap water. Filtered water is available at the camps and lodges.

The camps are isolated and generally have limited power supply and access to supplies. Please notify us in advance of any special dietary requirements, medical conditions and medical equipment you may need with you. Please carry critical medication in your hand luggage.

Yellow Fever Certificates - are only required if you have travelled to a Yellow Fever area as designated by the World Health Organisation. Please check with your Travel Clinic or doctor well in advance of your departure date.

General Travel Information

- There is no or limited electricity and cell phone coverage in the camps and lodges excluding major towns and cities. All camps do make provision for charging cameras and electronic devices.
- Please ensure that you do not pack any valuables, cameras, cash, laptops in your checked in luggage – these should be kept on your person at all times.
- Please notify us immediately of any changes to flight arrival and departure details as this affects onward transfer arrangements.
- Please note that most camps & lodges in Botswana do not have double beds. Twin beds are pushed together to make up a double room.

- Although every effort is made to adhere to schedules the company reserves the right and in fact is obliged to occasionally change routes and camps on safaris as dictated by changing conditions or unforeseen circumstances.
- By confirmation of the booking, you acknowledge that you have been made aware and accept that the tour carries inherent risks, and that you voluntarily assume all risks which are associated with the tour. You will be required to sign indemnities at the various camps, lodges and service providers, and abide by their operators code of conduct in order to ensure your safety.
- If you have any cause for complaint while travelling, you should immediately bring it to the attention of the camp manager and / or our Maun office that will attempt to resolve the situation immediately.
- Do not remove any animal artefacts, flora or fauna from any of the areas you visit, as there are strict international regulations on the export of such items.
